

A Baby, getting a load of T.V. upon Moving In

Rose Ann Ivey

Head of a baby; one raised in full-tilt of gladdening curiosity

He is expectant of and seeing to answer

Like an ambassador of joy

Fulfilling one and many uses of a roller stroller, like a star shot from heaven - a Space for projection

From a Glimpse to an instant! - forms his beeline

Danced of a warm up crossing the floor?
