

# Home is where the heart is

Cassidy Lewis

Home is where the heart is

A heart of gold

A heart of love

A heart of caring, loving people

Mother, father, daughter, son

Grandma, grandpa, uncle's aunt's

Cousins and even brothers and sisters, young and old

Home is where you sleep

Home is where you eat

Home is where you play games with family and friends

Home is where you watch TV with the people that you love and care for.

Home is where you spend time with family.

But most of all,

Home is where the heart is.
